

City of Tyler  
Temporary Water Service  
**FIRE HYDRANT METER APPLICATION**

Applicant agrees to pay a \$600 deposit for the temporary use of a Fire Hydrant meter. This deposit will cover any damage done to the meter while is checked out to the applicant.

The meter will be read before checkout and after check-in. The difference will determine the water charged. The total water charge and a \$50.00 set and removal fee will be deducted from the deposit and the remaining amount will be refunded to the applicant. Since there is a limited number of meters available, the meter will be set for a maximum of two weeks.

The City will set and remove the meter and turn on and off the Fire Hydrant.

***I agree to the above requirements and take full responsibility for the use and care for the water meter.***
