In general, clothing should be suitable for physical labor. Community service workers will be assisting and working at the direction of the library custodians in a variety of duties.

Duties may include, but are not limited to: Mopping, dusting, sweeping, trash collecting (including pushing a rolling can), using cleaning chemicals, etc.

Dress Code suitability is at the discretion of library staff, including library custodian and the Library Operations Specialist. Workers not meeting dress code may be asked to leave and return in suitable attire.

I have read and understood this dress code. I will abide by it while I am working at the library.
