# CITY OF TYLER

City of Tyler Planning and Zoning 423 W. Ferguson Tyler, TX 75710-2039 (903) 531-1175 (903) 531-1170 fax

### PROCESS

- A. All zoning is by ordinance and only the City Council has the authority to adopt or to change an ordinance. The Council has assigned the study of zoning to the City Planning and Zoning Commission, which will make recommendations to the City Council. If the Commission recommends a request for rezoning, it will not be effective until it is passed by the City Council. The rezoning process normally requires a period of sixty (60) days.
- B. All requests must be filed in the Planning and Zoning Department located at 423 West Ferguson, Tyler, TX. A filing fee must be received with the completed application form. (See Fee Schedule and Deadline Dates.) The applicant must also post a zoning notification provided by the Planning and Zoning Department along with a \$20 deposit that is refundable upon return of the sign. The sign must be placed in the front yard of the subject property no later than seven days after the application has been submitted. If the sign is not posted in the required time frame, the application process will cease and the applicant will be required to reapply.
- C. Please have a representative present at all public hearings. The applicant has the duty to produce evidence before the Planning and Zoning Commission and City Council to justify the proposed zoning change. This generally requires a showing that conditions affecting the property have substantially changed since the last zoning classification decision of the City.
- D. All requests that require site plan submittals must include a hard copy site plan and digital site plan with the completed application form.
